VELVET MANUFACTURERS Meet Organizations and Citizens for Explanation of Favorable Business

Wednesday evening a good number of members of the board of trade and distinct members association, with many of the leading citizens of the town over present in the rooms of the board in the Opera House block to hear that Robert B. Kirsch of New York

what Robert B. Kirsch of New York and M. A. Rossie of Mystic had to say relative to the proposed velvet company that is to locate within the limits of this city.

The visiting gentlemen explained the proposition from A to Z, and it appears to be one that is fast appealing to the people of the city of Williams C. It is the hope that the stock will be taken as soon as possible to order that the concern may have the building creeted and get to doing building crected and get to doing

When the business is settled and the factory built and running, the city will be materially benefited. The men back of the company proper are solid, substantial ones, with long and successful experience in the velyet industry, which is peculiarly different from many of the ordinary industries. The demand for the product is steady or long sleeves, high neck, at and increasing, and the quality of the goods that the company proposes to manufacture here is unquestionably as good as can be made.

The meeting Wednesday evening

proved interesting to the assembled critizens and bids fair to be productive of good results and be the means of establishing the industry here.

Mrs. James H. Taylor, Just Home from State Hospital at Norwich, Attempts. Suicide.

Tuesday afternoon, Hattie wife of James H. Taylor, colored, residing at 86 Chestnut street, shot herself, about 5 o'clock. The bullet pierced the left breast and lodged in the stomach, inflicting a wound from which there is but small chance for recovery. She lies in a critical condition in St. Joseph's hospital. Mrs. Taylor has for a number of months past been an inmate of the Norwich state hospital and had but Sunday returned to her

home on six months' parole.

The hospital authorities had cau-lioned Mr. Taylor that he must be the nospital that he must be the character to," she replied.

The nospital and not leave anything to," she replied.

He said that she was playing with the holy at the time and fonding him tenderly. She told neighbors to leave her it is said, after she had shot herite her. She was very anxious to be with her children, and the hospital authorities, believing that her con-lition had improved considerably, per-mitted her to come home on parole. Mr. Taylor had taken every precauion to hide every weapon with which the could do any harmand had locked revolver in the bureau drawer so

that she could not reach it.
Tuesday forenoon Mrs. Taylor was
busy with the housework, having the assistance of Miss Queenie Duffy, whom Mr. Taylor had employed for short time. In the afternoon they had sat together and talked and laughed until a little after 4 o'clock.

Mrs. Taylor then Mrs. Taylor then left the room where Miss-Duffy was lying on the sofa and going into the room where two of her children were, and going to the bureau pulled out the two top drawers. Hidden in the battom drawers the way leaked to the bureau pulled out the two top drawers. er, that was locked, was a revolver of the buildog type, 32-caliber, be-heath a pile of clothing. She picked it up and shot herself in the left breast.

Miss Duffy heard the shot and ran oom, and then Mrs. Stokes Watson ame to her aid. Dr. F. E. Wilcox was ussing, and hurried into the house. Noting Mrs. Taylor's serious condi-tion, he had her removed to St. Jo-seph's hospital, where it was learned that an immediate operation was necessary and Dr. Owen O'Neili was quickly called. The surgeons were unable to locate the bullet, it probably lodging in the back or stomach. The examination indicated that the bullet had entered the chest, penetrated the liver and lungs and became lost in the back. Was Taxlor was suffer. n the back. Mrs. Taylor was sufferng from internal hemorrhage when she was taken to the hospital.

That the act was premeditated is roven by the finding of a number of etters in the house. Capt. Richmond was notified and with Lieu-tenant Killourey came to the concludon that the woman sustained the injury at her own hands. Mrs. Tay-lor, hesides her husband, has a family of four small children.

Temporarily Insane.

It is the general belief that Mrs. Taylor was temporarily insane when she committed the act. March 21 she attempted suicide by taking corrbolic acid and laudanum. Then the family ived on upper High street. At the same time she tried to do away with erself with her husband's revolver. on the 22d of March she was committed to the Norwich Institution and her hildren were looked after by neigh-ors and friends. October 31 Mr. Taylor received a let-

ing that in their opinion his wife was sufficiently recovered to be safe at Cards to Hospital Friends. Mrs. Taylor must have thought well

**RAW ECZEMA ON HANDS** "I had eczema on my hands for ten years. I had three good doctors but none of them did any good. I then used one box of Cuticura Ointment and three bottles of Cuticura Resolvent and was completely cured. My hands were raw all over, inside and out, and the eczema was spreading all over my body and limbs. Before I had used one bottle, together with the Cuticura Ointbottle, together with the Cuticura Ointment, my sores were nearly healed over, and by the time I had used the third bottle, I was entirely well. To any one who has any skin or blood disease I would honestly advise them to fool with nothing else, but to get Cuticura and get well. My hands have never given me the least bit of trouble up to now.

"My daughter's hands this summer became perfectly raw with exzema. She became perfectly raw with eczema. She could get nothing that would do them any good until she tried Cuticura. She need Cuticura Resolvent and Cuticura Ointment and in two weeks chey were entirely cured. I have used Cuticura for other members of my family and it always proved successful. Mrs. M. E. ways proved successful. Mrs. M. E. Falin, Speers Ferry, Va., Oct. 19, 1909."

STOLE PLATE GLASS.

Who Incited Theft and Boy Thieves Fined.

Abel Chartier, aged 37 years, Ed-ward Ryan, aged 17, years, and Flori-mond Curtemanche, aged 17 years, were arraigned before Judge William A. Arnold in chambers Wednesday morning on a charge of the larceny of plate glass to the value of \$7 from Hillhouse & Taylor. According to the story teld in court, Chartier, who is a story teld in court, Chartier, who is a "How much? About \$5 worth?" asked "How much? About \$5 worth?" asked october 31 Mr. Taylor received a letter from the hospital authorities stating that in their opinion his wife was sufficiently recovered to be safe at by Merrill Jones, to steal the glass for the republication. by Merrill Jones, to steal the glass for him. He later used it in repairing the windows of the shoe repairing shop next to Remington's clothing store. Hillhouse & Taylor had for several months been losing plate glass, and they reported the matter to the police, with the result that when the glass was put into the shoe repair shop door the investigation led to the arrest of Chartier, and subsequently of the two boys. Chartier charged the cobbler \$8 for putting in the glass. Judge Arnold imposed a fine of \$7 and costs against Chartier, amounting to \$12.60, which was paid, and \$5 and costs against the other two, amounting to \$16.60 each, which was

Savings Insti

still bringing the tidings of the state-

wide upheavai.

There are 252 French-Canadian voters on the lists of the town of Killingly. The plan that is said is sure of successful consummation aims at unifying the action of these men at the polls and the creation of a political asset that cannot be overlooked by the strategists of either the democratic or republican party when they are

the strategists of either the democratic or republican party when they are making up their slates.

The point upon which particular stress is laid is that this new organization is to be truly independent. Its position, as at present understood, would be to cast its entire strength with the ticket that appears to be most favorable to its interests. Those who know politics in Killingly can readily estimate what this might mean what a potent factor for victory it what a potent factor for victory it would prove to the favored party. would prove to the favored party. Taken away from one party and added to the other it would constitute a balance of power. Held in abeyance it

should carry a mighty influence over political affairs in Killingly. The organization is yet in embryo, but a general outline of the reasons for its being has been traced. It will for its being has been traced. It will be similar to the Clube Naturalization organized in Putnam a few months ago. There is a greater proportion of republicans than democrats among the French-Canadians in Killingir, but all are to be united in the ingly, but all are to be united in

Keach and Warren Win Out. Edwin H. Keach, republican, and

Frank P. Warren, democrat, will represent Killingly in the next legislature. Both have had previous experience in that body, a fact that is regarded as valuable by many who know of the complexities of political bodies and their methods of procedure. Mr. Warren's vote reached a total that created one of the surprises among those of a day that brought many. Sheriff Sibley Re-elected.

Sheriff Preston B. Sibley received congratulations from many sources Wednesday on his success in being returned to his present office for another erm of four years. He, like all othof his party ticket, suffered some afficient record as sheriff still appeals o the majority of the voters in the Counsel Confers with Damato.

Personal Mention

Bantam Hens to Hatch Pheasants. Five hundred Chinese pheasants will a imported into Louisiana by the game day (Thursday).

Miss Bernice S. Cogswell of Dayville where these birds can thrive and pro-has been named as delegate from the pagate their kind. F. M. Miler, chief commission and distributed in sections where these birds can thrive and pro-

warden of the commission has placed an order for this number of birds with a fancier at Corvallis Ore. a fancier at Corvains, Ore.

The pheasant multiplies rapidly,
One hen will lay 150 eggs per annum.
It is the plan of the commission to
have eggs set under bantam hens. For
a time the birds will be beld in captivity, but when they have grown in numbers they will be turned out and allowed to return to the wild state. An act of the general assembly provides protection for them for a period of five years, after which time they may be

hunted in season. -Portland Oregonian
